### **IMPALEMENT ARTS REPORT** *By Andre Lepage*

We had several visitors from the trap shooters this month. I was quite impressed at their throwing skills, and was happy to have them join us.

The "Impalement Arts" is the art of throwing knives and tomahawks. Tomahawks are available as loaners if you don't have your own. If you would like to learn this craft, come down to the throwing range. The Impalement range is well lit, and we will be open during USI Business Hours. Come and enjoy our Knife Club every other Sunday of the month. Anyone interested contact Andre Lepage at [andre.lepage@sbcglobal.net](mailto:andre.lepage@sbcglobal.net) *More pictures of visitors at the range on page 3*

## **USI Range Update - October 2016**

### Progress Report Rifle/Pistol Range

On September 13, 2016 we submitted the application materials and plans to Contra Costa County Department of Conservation and Development for a compliance review of our plans to remodel the Rifle/Pistol Range. The County notified us on October 6, 2016 that our plans are in compliance with the Conditions of Approval set forth in County File #13-2076."

Now that we have planning clearance for the project and California Environmental Quality Act compliance, our next step is to start the building permit application which we hope to submit at the end of this week, October 14, 2016, or the beginning of next week.

I will keep you posted as events develop.
